

**FAKE**  
**Mike Delaney 2/18/17**

Fake fake fake  
All the news is fake  
Fake fake fake  
I know what it takes

Truth truth truth  
I speak only truth  
Truth truth truth  
Don't worry about the proof

It used to be that facts were king  
But now we know another thing  
All that matters is my bling  
Misdirection works

Mexicans will build the wall  
They're getting ready for our fall  
They are paying for it all  
To keep our escapees out

Lies lies lies  
What they say are lies  
Lies lies lies  
Can see it in their eyes

Fake fake fake  
Lies lies lies lies  
Truth truth truth  
Isn't it great to have America great  
again?

All the fraud that money buys  
Don't take it from the other guys  
Burn the oil and eat the fries  
All my promises kept

B-part:  
I'm going to build  
a big white hangar  
Right next  
to my big White House  
Any time  
I need a boost  
I'll have  
a campaign rally  
I'll go in the hangar  
And get a big bounce
