

Twenty-Fifth Amendment
(A New Schoolhouse Rock Song)
Mike Delaney, 9/12/18

You say that your Prez just can't do his job
Holding campaign rallies to incite the mob
Every day double dealing, in deceit
We know he's impaired, like a spoiled tot
And it looks like he'll never-ever be caught
And he's sending big decisions, in vengeful tweets

So, get the VP and the senior staff
Take a simple vote; you'll need more than half
That is all it takes, to agree
A letter goes to Congress and the deal is done
No need for riots; no need for guns
And the Acting Prez, is who was the VP

Chorus:

The Twenty-Fifth Amendment
Saved by...The Twenty-Fifth Amendment
If the Pres is a loonie
And can't discharge his duties
And totally unrepentant...
Use the Twenty-Fifth Amendment

After that the process is a funny skit
'Cause the Prez can simply tweet, that he is fit
And just like that, he's back on top
But then the senior staff, and the VP
Have four days to file another plea
Next Congress gets to vote, where this all stops

Chorus

Be careful if you think this is the saving grace
Your patriotic hopes might be misplaced
Take time to ponder, before you commence
Ditching one guy begets another
The one who'll only dine with... "Mother"
Yes, what we'd have to fear is... President Pence

Chorus
